

T130

T130 Series is a commercial automatic ride-on floor scrubber machine engineered for unparalleled cleaning efficiency and superior performance. Equipped with auto lifting brush, automatic deceleration, anti-rollover support and optional water recycling or hypochlorous acid disinfection systems, making it a good choice for the shopping mall, airport, hospital and stadium.

Professional Cleaning Made Simple

Features

Optional function to load : water recycling (T130C) and hypochlorous acid disinfection system (T130D).

Softstart tech, protect the motor and ensure durability.

The impact-resistant bumper protects your machine in operation.

Automatic deceleration design, to avoid risks when machine turns around.

5.5h longer-lasting working time, high efficiency.

Comfortable seat, reduce your fatigue.

Seat pressure interaction switch, stop machine once operator leaves.

Auto lifting brush, easier for maintenance.
